The first time you access your account through our web site you will be required to enter some information so we can set up your account. After you have done this the first time you will not need to do it again. Click the following link to begin the registration process:

The following is the information you will need:

Email Address – this is the way we identify you within the system

Your account number – This is the account number from the account number box in the statement or invoice you receive from us. If you currently manage multiple accounts with us you can add the additional accounts after you have set up your first account.

Telephone Number – to help us verify you are selecting the correct account. This is the main telephone number we have on file for you

ZIP Code – again, to help us verify you are selecting the correct account.

You will be asked to create and verify a password the first time you log in:

Making a Payment

After you have set up the payment method you may use that method to make a payment. From the account screen click “Make Payment”

[Account Selection](#) [Make Payment](#) [Log Out](#)

When making a payment using web site access *if you manage multiple accounts the payments must be entered for each account, not one lump sum.* This will help us to accurately apply the payments to the correct account. To make a payment, click the “Make Payment” option on the main account screen.

78790	10/31/2008	\$201.00	<input type="text" value="201.00"/>
Total Payment			<input type="text" value="201.00"/>

Select Account To Pay Your Bill With		
<input checked="" type="radio"/>	Checking Account	...4567 (One Time)

Next select the payment method to use. If you have invoices select the amount to apply to each invoice, and then select the Make Payment button. In our example we are paying invoiced # 78790 for \$201.00.

And that is all there is to accessing your account and making online payments.

Multiple Accounts

If you manage multiple accounts you can add additional accounts after the initial one. When you are on the Account Selection screen, select the Add Account Button. You will be taken to the account setup screen to enter the account number, phone, and ZIP code for additional accounts.
