MARCH 2022 IMPORTANT NOTICE

To Our Valued Customers,

We, along with many others, are feeling the effect of the rising cost of freight, products, and fuel prices that have been and continue to increase greatly beyond our control. We have been working hard to keep our prices fair, even during this turbulent economy. Unfortunately, you will see price increases on our products and services in the near future. It's not something we want to do, but that we must do to ensure that we are able to continue to provide the high-quality service that you have come to know and expect from us.

Thank you for your trust and confidence in us.

Brandon Schindler
Owner

Very Important

Pond Filter Change Special

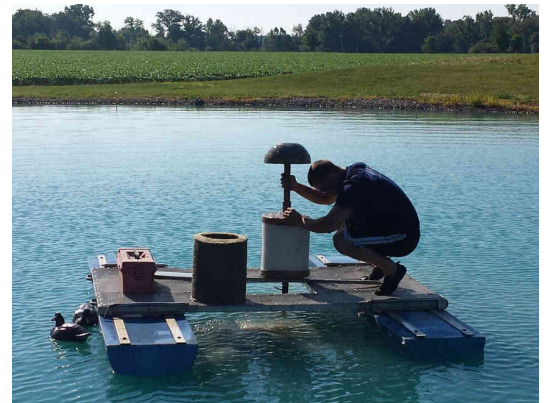

Do you have a pond disinfection system?

We recommend the floating pond filter be changed once a year to avoid low water pressure or a no-water situation.

**Pond Filter Change Special - Prepay by
May 27, 2022 & save over \$100!**

Order a floating pond filter change on our website, call our office, or return the portion of the brochure* with your payment before May 27, 2022. Filters are changed in either June, July, or August.

*Brochures mailed mid-April

Helping you #TakeControlOfYourWater Since 1952

You asked for it. We worked on it. Now it's here!

Online payment is now available!

Visit our website, **aquatekwater.net**, to get started! With online account access, you'll be able to see your current balance, rental information, next delivery dates, invoices and history!

New to our Autopay Program...

Are you set up for automatic payment with your debit or credit card? **We can now take ACH payments using your bank account.** If you're interested in your balance on account being drawn from your bank or interested in this service, please call our office.

Did you know . . .

We have a blog full of water-related information! Topics include: what's in your water, what to know when building or buying a home, what "pond season" means, "don't mess up my hair", what to do when water is "hard to work with" and much, much more! Visit our website & click on the **blog** tab at **aquatekwater.net**.

Got Questions? We have answers on our website, **aquatekwater.net**, on our **FAQ** page. Want to know what the symbols and buttons mean on the digital panel on your equipment? Visit the FAQ page. How do you put your unit in bypass? Yup, we have that on the FAQ page, too. Does our spring water really come from a spring? Find out on our FAQ page along with more tips and hints!

Attention Portable Exchange Tank Customers:

A letter was sent in January to all Portable Exchange tank customers announcing the discontinuation of the tank service after October 2022. Please contact us as soon as possible to go over your options. Thank you.
